CAMBRIDGE

HER TOROONEM

HONORATISSIMO ATQVE EXCELLENTISSIMO VIRO GVLIELMO CECILIO, Baroni Burghleiensi, nobilis Equestris ordinis Garterij Sodali, Summo Angliæ Thesaurario, & Cantabrigiensis Academiæ Cancellario dignissimo.

ANnus jam sextus agitur (*Nobilissime Cecili*) ex quo primum hoc opus *Thome Thomasij* operâ singulari industriâ confectum, in lucem sub nominis tui auspicijs felicitèr prodijt. Dici vix potest quanto hominum studio fuerit exceptum, ut nihil aliquandò in eo genere, magis gratum omnibus atque probatum videretur. Veruntamen quod cæteris rebus usu venit, nihil ut simul inventum & perfectum esse possit, idem necesse fuit in hoc negotio accidere, ut omnia non essent plenè satis accuratèq; multa parum quidem desiderarentur, par-

rò etiam redundarent. Cui incommodo cùm autor ipse magnâ ex parte mederi in posterum cuperet, eos labores suscepit, qui ipsius valetudini parùm conducerent. Nam ille quidem unâ in re adeò cogitationes omnes suas curasque defixit, ut nec tempori, nec rei familiari, nec sibi parceret, quin omnem undique apparatum ac copiam ad hanc opportunam quam esset nactus, locupletandam, ornandam atq; honestandum conquireret. Quo suo studio & vigilantiâ dum propositam vitæ rationem prosequitur, dum suæ consulit famæ atque existimationi, dum Reipublicæ & literis prodesse expetit, in gravissimam corporis ægritudinem incidit, atque adeò haud longo post intervallo diem suum obijt. Postquam igitur ille præclarè suo functus officio excessit è vitâ, mihiq; Typographi munus, quod ille priùs sustinuerat, Academiæ beneficio esset concessum, nihil prius faciendum putavi, quàm ut librum hunc, in quo tam operè ab eo esset laboratum, iterum, jamque quartò typis excusum, auctiorem atque emendatiorem emitterem. Quam quidem ad rem, cùm parùm ipse meo Marte afferre possem, tamen eorum usus sum operâ & consilio, qui id efficere rectissimè posse videbantur. Illud verò etiam, quod erat anteà prætermissum, mihi imprimis curæ fuit, ut ad reliquum apparatum adjungeretur locorum & personarum (quas in poëtis atque historicis ubique fere occurrunt) brevis quædam & dilucida explicatio. Nihil est enim quod hominum studia & progressus magis remoretur, quàm istarum rerum ignoratio. Quapropter in hoc quoque genere volui, aliquâ saltem ex parte, adolescentibus

ous consultum esse, eoque magis quòd intellexi, antea opus hoc eo maximè nomine nonnullis manctum atque inchoatum videri, quòd ab hâc utilitate destitueretur. Illud jam ultimum est atque omnium maximum (*Honoratissime vir*) ut hoc qualecunque sit, quod opera mea quoquo modo susceptum ac perfectum est, id tuo nomine commendetur. Neque enim fortasse deerunt, qui his meis laboribus sese opponant; contra quos censeo magnum mihi præsidium in authoritate tuâ esse constitutum. Si qui sunt inimici literis & Academiæ, qui nostris rationibus adversantur, eorum tamen omnis impetus, ubi in tuum nomen inciderint, facillimè repellitur. Videtur autem divinitùs id esse factum, ut ea dignitas tibi olim optimis studijs & prudentia pareretur, in qua posteà disciplinis, atque omnibus literarum studiosis magno usui esse posses. Tibi autem valdè honorificum est, quòd quæ studia te antèa fælicem alumnum habuerunt, eadem te nunc benignissimum patronum experiantur. Omnes quidem & libri & literæ ad te confluunt, te judicem suum atque propugnatorem deposcunt, à te defensionem & confirmationem suarum immunitatum expectant, tibi denique se gratias omnes atque omne officium debere profitentur. Nihil profectò istâ laude potest esse divinius, quam beneficijs in Academiam conferendis, & conservandâ literarum dignitate meritò es consecutus. Itaque (ut eò redeam unde sum digressus) librum hunc authore suo jampridem orbatum, non alio quàm nomine, (quo patente suo adhuc superstite, op-

pornine

portunè utebatur) confidentem, prodire jam quan
publicum volui. Quem, si quâ soles humanitate ac
ris, fatebor me magnum à te beneficium accepisse,
jus si non referendâ, at saltem prædicandâ gratia
non immemorem esse cognosces. Vale. Canta-
brigiæ, quinto Idus Ianuarij. Anno verbi
incarnati Millesimo quingente-
simo nonagesimo
tertio.

Tuæ amplitudinis studiosissimus
Iohannes Legatt.

TYPOGRAPHVS *Lectori.*

Siquid in hac Dictionarij *Thomasij* editione præstare fim conatus, quærat à me ingenuus & honesti laboris æquus æstimator, intelligat me omninò in hoc opere duo esse secutum: nempe ut quæ jam erant, ea integriora atque emendatiora exirent: & quæ desiderari videbantur, explerem. Primum enim quoniam abesse ed-amnum multa vocabula constabat, ejus lacunas ut pro virili replerem, feci ut omnia verbula, quæ commodè in tantillo temporis spacio ex Iurisconsultorum, Medicorum, Mathematicorumq; selectissimorum commentariis erui possent, in hunc nostrum intexerentur. Quinetiã hoc non contentus, curavi universum opusculum ad incudem quodammodo revocandum. Quâ novâ diligentiâ, multa sunt castigata, non pauca in meliorem ordinem redacta, ingens verò vocabulorum farrago, adjecta. Præterea quod in prioribus editionibus desideratum est, & à nonnullis

ut res valdè necessaria, efflagitatum) adjunximus varium vocabulorum usum ex Oratorum, Poetarum, historicorumq; scriptis observatum. Quare ubicunque repereris hanc notam adscriptam ℘ ibi scito vel significationem, vel usum dictionis nonnihil discrepare ab eo, quod proximè superius præcesserat. Novissimè autem, ne quippiam quod communi utilitati inservire videatur, in hoc opusculo desideraretur, apposui etiam tractatum de Ponderibus, Mensuris, Monetisque veteribus accuratissimè descriptum. Atque hęc propria istius quartę lucubrationis : alia porrò omnia communitèr cum prioribus. Nam ea vocabula, quibus authorum nomina non appinguntur, Ciceroniana sunt omnia : & si quod fortè occurrat hujus stellulę * notâ insignitum, illud aut est à recentioribus scriptoribus usurpatum, aut, tanquam exposita in sylvis proles, parentes suos ignorat. Singularum autem syllabarum, si quando in generales canones non inciderint, quantitates exactiùs usitatis notulis depinguntur. Postremò, quę verba latini scriptores à Græcis mutuantur, ea etiam apposuimus atque à cęteris distinximus. Quę omnia æstimatori æquo cognoscenda atque fruenda relinquo.

DICTIONARIVM LINGVÆ LATINÆ ET ANGLICANÆ.

A Vel Ab præpositiones sunt eiusdem significationis, prior longa, posterior brevis. *Of, from, ever since, against, after, with, on, at, for: by or through: toward: out of, in comparison of. A man: a chaplain.*
